unforgettable settings for even the biggest occasions. Smaller groups are catered to by the cosy function rooms next to Paasiravintola and Graniittilinna, as well as other spaces ideal for party and event use.

Helsinki Congress Centre Paasitorni's restaurants

Paasitorni's city block, located in the beautiful and easy-going district of Siltasaari, is full of delicious opportunities. Five genuinely different restaurants in the heart of Helsinki provide wonderful settings and first-rate catering for both private and corporate functions, celebrations, events and meetings.

Paasiravintola

The atmospherically stylish hall of Paasiravintola provides a venue for everything from high-quality conference catering to business lunches, fun theme parties and more low-key dinners.

Paasin Kellari

Paasin Kellari is a restaurant providing buffet meals for groups and for the most imaginative celebrations and events, decorated inspiringly in the spirit of the 1950s with a modern twist.

Meripaviljonki

This eye-catching venue Restaurant Meripaviljonki is known for its seafood. The beautiful restaurant also offers spectacular panoramic views and a fantastic setting for celebrations and corporate events.

Graniittilinna

Seek out the charcoal grill of Graniittilinna for the city's best steaks and seasonal vegetables. The restaurant also houses four cosy function rooms for more private events and meetings.

Juttutupa

The down-to-earth Juttutupa is one of Helsinki's oldest restaurants. Its warm, beer hall-like atmosphere is both bohemian and traditional, tinged with an air of relaxed and unhurried activity.

Scandic Paasi

Helsinki Congress Centre Paasitorni's individually stylish hotel, drawing on stories from the area's history, welcomes everyone from meeting and conference guests to business travellers and holidaymakers. The circus located on the spot in the late 1800s functioned as the greatest source of inspiration for the hotel's interior decor.

The 170 hotel rooms that reflect this influence are located in three connected buildings. Each room tells its own story, and the rooms

breathe the atmosphere of the 1920s, 1950s and 2010s. The gem of this hotel that pays homage to old architecture is the new building with its balconied rooms, which was completed in 2012 and has received awards for its innovativeness. The new building is located in Paasitorni's peaceful inner courtyard.

Within the same block, there are altogether 512 hotel rooms to accommodate the guests of Paasitorni. The hotel capacity of Helsinki in total is over 10,000 rooms.
