

Hybrid events at Paasitorni

Are you planning a hybrid event? Do you need some participants to come together under one roof while some join in via remote connections? We offer you functional solutions for small and large hybrid events alike. All you need is conferencing software on your computer.

Our hybrid solutions are easy to use, and we always offer guidance in using the equipment before the event. All of the conference rooms at Paasitorni are compatible with hybrid event solutions. The price for the hybrid solution package of your choice will be added to the price of the conference package or the conference room. Prices include VAT.

Hybrid solutions for Juho Rissanen

The conference room **Juho Rissanen** is equipped for a max. 90 participants (class-room style) or 100 (theatre style), with a possibility for remote participation.

The unique personality of the space and the impressive lighting create a pleasant working environment. A good PA system and effective lighting tools ensure a high-quality video stream.
